

Customize Alerts delivered to your County

[Wehealth Notify](#) is a free app available to the public. Built with CDC funding and in partnership with National Oceanic and Atmospheric Administration (NOAA) / National Weather Service (NWS), it is continuously improved by domain experts spanning public health, emergency preparedness, institutional research, design & engineering. Wehealth is a Weather Ready Nation Ambassador™, an initiative of the U.S. Department of Commerce and National Oceanic and Atmospheric Administration (NOAA), to strengthen partnerships toward building community resilience in the face of increasing vulnerability to extreme weather events. The app is developed by Wehealth in collaboration with the University of Arizona and the Arizona Department of Health Services (ADHS).

Enhanced Public Health & Safety Alerts
